RICHMOND, CONTRA COSTA COUNTY, CAL.—TUESDAY, MAY 18, 1915

NUMBER 97.

CITY HALL TO BE FORMALLY OPENED MAY 28

Whoops, m'dear! The new city hall, located in the Wall Harbor Center tract is to be formally opened on the evening of May 28th with a dancant to be held in the city hall chambers at which more than 500 invited guests from all the surrounding bay cities are to be in attendance.

The early part of the evening will be taken up with a monster banquet at which officers of the Richmond Industrial Commission, and members of the city council will speak.

George Wall, who is to act the part of the host at the opening of Richmond's new municipal building, intends to make the affair one of the most gorgeous and most brilliant spectacles ever held in this city.

The first council meeting to be held in the new building will be called to order by Mayor E. J. Garrard on the evening of May 31st.

It is thought that all of the city officers will be quartered in their respective offices by June 5th.

TILDEN'S HOME IN NEW TRAFFIC CENTER

Work on the new \$10,000 home of E. M. Tilden in the new restricted Richmond Traffic Center tract is reported as progressing at a rapid rate and is expected to be ready for occupancy by the well known lumber man some time during the coming month.

Already landscape gardeners have commenced their task of laying out the grounds about the residence which are to resemble those of an Italian villa in many respects.

B. Schapiro, president of the restricted residence tract, was in this city today and stated that already ten of Richmond's most prominent business men had arranged for the plans and specifications for homes, the cost of which cannot go below \$3,000.

The tract is situated on the hills at the junction of San Pablo and Macdonald avenues and according to Schapiro will be to Richmond what Northbrae is to Berkeley.

NEW STARTER FOR FIRE TRUCK AT THE POINT

Repeated complaints, coming from Captain Richard Paasch, of Truck No. 1 over the inability of the self starter on the fire truck to work resulted last evening in the fire committee recommending to the city council that a new starter be installed on the truck at a very early date.

Besides having a new self starter the truck is also to be given a thorough overhauling as well as a new coat of paint.

On several occasions in the past the firemen were unable to get the machine away on time to the fires and had to waste many precious moments cranking the engine.

LIGHT KEEPER'S REMAINS WILL BE SHIPPED

The body of Lighthouse Keeper John O. Stenmark who died on Sunday night while in his stateroom aboard the steamer "City of Topeka," enroute to Blunt's Reef Lightship, was shipped from Sureka today.

Upon its arrival in San Francisco tomorrow the body will be taken in charge of by Undertaker E. B. Smallwood of this city from whose parlors at 727 Macdonald avenue the funeral is to be held.

NEW GARAGE WILL BE BUILT ON 4TH ST.

Work was commenced today on a modern 1-story brick building to be erected on the west side of Fourth street, between Macdonald and Nevin avenues, by J. A. Graham of this city, at a cost of \$2400.

The building which is to be 50x117 when completed is to be operated as a garage by the owner in company with J. A. Looney.

Building Inspector Bert Wierda issued the permit for the erection of the building late yesterday afternoon.

Marriage License.

A marriage license was issued in Martinez yesterday to Miss Bessie Hales, residing at 1309 Barrett avenue, this city, and J. Oliver Young.

FAILURE TO PROVIDE IS CHARGED LANHAM'S TROUBLES TO BE AIRED

Police Judge William Lindsey will deviate from his accustomed "Sunrise Court" proceedings this evening by holding a "Twilight Court" session in his chambers at the city hall, at which time Ray Lanham, residing with his mother at the Topeka House, corner of First street and Macdonald avenue, will face a charge of failure to provide for his minor child, placed against him by his wife, formerly Miss Sadie Linney of this city.

"It is true," stated Lanham, today, "that I did perjure myself to the county clerk in Oakland when I secured my marriage license, at which time I stated I was twenty-one years of age, when I had just passed my eighteenth birthday. I married Miss Linney in an automobile, at the County Line, following information furnished me that unless I did so that her father intended to

shoot me. It was not until several months after we had been married that I found that I had been tricked and I immediately left. My wife then swore out a warrant for my arrest on a charge of failure to provide for our minor child."

The wedding ceremony uniting the two young people was performed by the Rev. D. W. Calfee, former pastor of the Wesley Methodist church and was attended by the girl's father, Charles H. Linney, a former Santa Fe switchman, residing at 240 First street.

District Attorney T. D. Johnston would not say definitely last evening whether or not he intended to prosecute Lanham for having perjured himself in securing his marriage license.

Attorney Clarence Odell will represent the defendant in the "twilight court" session to be held this evening.

FIREWORKS IS FEATURE OF CITY COUNCIL MEETING

O. J. Gibbons, leader of the So-pedo into the gathering with his ciarlette party in this city, blasted statement that "every fair-minded the era of good feeling at the person in Richmond would fight the city council meeting last evening when he exploded several yards of oratory upon the heads of the city councilmen, tangling remarks before he concluded with Chief of Police Charles H. Walker, Raymond S. Richmond, a newspaper reporter, Councilman G. A. Follett, Chairman J. B. Willis of the police committee, District Attorney T. D. Johnston, Attorney W. D. Grady and Sid Pennington, a director of the Daily News.

There was oratorical torpedoes bursting all around during the time that the argument waxed the warmest and it was only after Mayor E. J. Garrard had rapped for order that the cause of the evening's excitement was learned.

Then, above the hushed silence of all who waited with bated breath, rose the basso voice of O. J. Gibbons.

"The Socialist party of this city whom I am representing this evening wishes to go on record as being opposed to the action of the police committee and police department in the matter of purchasing a straightjacket."

Confusion reigned; several councilmen started to arise at the same moment as did a newspaper reporter, the district attorney, the chairman of the police committee and the chief of police.

Bang! went the gavel of Mayor Garrard, and everyone resumed their seats and an air of quietness once again permeated the entire room.

As soon as all was still again Gibbons launched another verbal tor-

pedo into the gathering with his ciarlette party in this city, blasted statement that "every fair-minded the era of good feeling at the person in Richmond would fight the city council meeting last evening when he exploded several yards of oratory upon the heads of the city councilmen, tangling remarks before he concluded with Chief of Police Charles H. ADDED ASSESSMENT ON TENTH STREET OPENING

Storm tossed and buffeted from pillar to post for more than two years, Commissioners J. O. Ford, J. F. Brooks and H. W. Mergenthal, at the head of the widening proceedings on South Tenth street, were last evening granted permission by the members of the city council to conduct a supplementary assessment of all property on the proposed widened thoroughfare.

The commissioners were granted this permission at the request of their attorney, T. H. DeLap, following a decision rendered the property owners by the Superior Court in which their damages amounted to more than the assessments collected at the time.

According to Attorney DeLap the damages for which the supplementary assessment is to be levied amounts to \$2404.

CITY ATTORNEY IS BUSY MAN THESE DAYS

A flying trip to Los Angeles, coupled with a flying trip back to San Francisco, both of which will have to be made within a period of 36 hours is the killing pace which City Attorney Hall of this city intends to set, commencing with tonight.

In company with City Engineer H. D. Chapman he will leave for the south for his conference with Santa Fe officials concerning street crossings, following which he will be whisked from the meeting to the depot, returning to San Francisco where he has a case coming up in the Federal court.

RICHMOND CLUB PARTY GREAT SUCCESS

A very delightful and entertaining program was given yesterday afternoon by the members of the Richmond Club in their new home on Nevin avenue.

Those who participated in the day's affair were Mrs. A. Ribley, a piano solo, dramatic readings by Miss Jean Macmillan, vocal solos by Miss Evelyn Thrift Dahlstrom and H. E. Stedham.

ing a call at the state department today of the Italian ambassador it was reported that the United States had offered its services in an attempt to settle all differences between Austria and Italy. Ambassador Celleri would neither deny nor confirm the report.

A number of diplomats were received by Secretary Bryan today, and a rumor followed that this fore-shadowed a move for the restoration of peace in Europe.

THE ANDERSON GRAND JURY BEGINS WORK

The E. B. Anderson Grand Jury is today conducting an examination of the seven union labor heads of this city who on the evening of April 30, it is alleged, attempted to intimidate the votes of certain saloon men prior to the general election.

With the seven men who are undergoing a severe grilling at the hands of the Grand Jury are Ex-Mayor Otto B. Ludewig, T. Moore, E. S. Brown, John Hansen and Henry Mason, subpoenaed as witnesses at the examination.

Although rumors of indictments being made by the Grand Jury have fitted about ever since the men were subpoenaed it is presumed that nothing will be made public by that august body of examiners until the latter part of this week.

The so-called union labor leaders who are being examined today by the Anderson Grand Jury are: Sid Pennington, W. F. Pettillon, Attorney H. J. Wildgrube, Charles Millward, H. H. Groom, James Kennedy, Richard Williams and Charles Brown.

It is alleged that on or about the 30th of last month, Pettillon, Wildgrube, Millward, Kennedy and others called a meeting with certain gentlemen representing the liquor interests of Richmond. When the conference was held it is said that those who claimed to be representing the interests of the labor candidates threatened the saloon men that if they did not support the labor candidates that they would circulate a petition and call an election to make the city dry.

EPWORTH LEAGUE CONFERENCE IN SESSION

The quarterly conference of the Epworth League of Contra Costa and Alameda counties convened at 4:20 o'clock today in the auditorium of the Wesley Methodist church, at which time between 500 and 600 people from Oakland, Alameda, Berkeley, San Francisco and San Leandro were present.

Several of the prominent speakers who will address the conference are Rev. Paul Smith, pastor of the Central Methodist church of San Francisco, and Rev. Frank Linder, pastor of the Wesley Methodist church of this city.

Tonight new officers to serve for the ensuing year will be elected.

Operated On. An operation was performed on Mrs. B. Sweeney of 536 Twelfth street at the Craven hospital this afternoon by Dr. Hall Vestal for enlarged tonsils and adenoids.

Visits City. Councilman J. B. Willis spent yesterday in San Francisco on business.

NEWS UP TO THE LAST MINUTE

ROME, May 18. (11:45 a. m.)—Dispatches from Trieste confirm previous reports that a revolutionary movement is in progress there. The town is in a state of siege. The presence of the military has failed to prevent attempts at popular uprisings and demonstrations of hostility to Emperor Francis Joseph.

ROME, May 18.—Mobilization of Italy's fighting forces for joining the great European war on the side of the allies has virtually begun. The offices of the ministries of war and marine were open all night, officials of both departments working throughout the night in relay.

New-Divide Sweeps 40 Miles—Vienna.

VIENNA, May 18.—While Austrian artillery was pounding the Russian front at Przemyśl and along the Sam River, the Teutons launched a terrific drive in southwestern Poland, which has already carried them more than 40 miles northeast of the Nida river. The Russians today were reported retreating from Opalov, which is being shelled. Teuton forces recently have taken more than 7000 prisoners and twenty-two guns.

THE OTHER KIND OF FORCE.

The erudite editor of the Free-
no Republican asserts that "if
Germany is prepared to make its
submarine blockade of England
physically as well as psychologi-
cally effective, we may be sure
the imperial government will
yield to no argument except
force, and we do not understand
that the word 'act' contemplates
the use of force, nor that the
American nation is in possession
of any force to use if it were so
contemplated."

Editor Rowell, who has tried to
turn the corner with a mental
gyroscope, is under the impres-
sion that war is the only effectual
force that could be employed
against Germany should the
American note go unheeded. In that
he is mistaken, as he is in denying
that the word "act" contem-
plates force. There is no ques-
tion but that the short word, up-
on which so much seems to de-
pend, means that force will be
used if necessary, but not the
kind of force which Editor Rowell
had in mind. There are other
ways of using force besides phys-
ical fighting, such as declaring
an embargo, for instance, or uti-
lizing financial prestige.

As to the nation's ability to
use the kind of force which
seems uppermost in Editor Row-
ell's mind, we would suggest that
he familiarize himself with the ac-
tual facts. That kind of force,
however, we have no intention of
using. —Stockton Mail.

No Republican presidential
boom has yet hit a clickety-spit-
gait; they are just prancing be-
fore the grandstand.

Canada's expectation of an af-
ter-the-war boom are contingent
on the allies winning; ours re-
gardless of which wins.

Whenever you pay champagne
salaries for ditch water talent
you're getting stung.

In one thing the Prince of
Wales resembles his granddad—
he's a sucker for cardsharp.

"TOE IN," WHEN YOU WALK.

New York policemen are no
longer to "toe out." If a "cop's"
feet are built that way, and he
can't get them to move forward
in parallel lines, the department
doesn't fire him or insist on a
surgical operation. But in the
police force training school they
have stopped teaching recruits
to spread their feet when they
walk and to stand with heels to-
gether and toes diverging at an
angle of 45 degrees, as has been
the immemorial practice of police-
men, soldiers and funkeys.

It is unnatural, surgeons say,
to "toe out." Man in his natural
state doesn't do it, nor woman
either. The straight line is in the
line of force. A man can march
much farther in a day if his toes
point forward. Even "toeing in"
or walking "pigeon-toed" is far
better than the opposite extreme.
Spreading the feet outward dis-
torts the bones and muscles. It
tires the legs and it is the most
fruitful cause of fallen arches or
flat feet. Lieut. Schofield, in
charge of the New York police
training school, tells of curing an
extremely bad case of broken
arch by merely getting the vic-
tim to "toe in" when walking,
as the Indian does.

Major General Leonard Wood
pronounces this new theory of
walking "sensible and attrac-
tive," because the method "gives
spring to one's walk and is not
likely to be so tiring." He adds
that the war department is look-
ing into the matter, and that ar-
my doctors corroborate the re-
ports of the New York police de-
partment surgeons, that nearly
all cases of flat foot or broken
arch are attributable to the heels-
together-and-toes-out position.

HEARST A FUNNY FELLOW

W. R. Hearst, who owns a big
string of newspapers throughout
the United States, has been hol-
lowing his head off about the
peaceful policy of the President.
He has been engaged in trying
to provoke war between this
country and Mexico for the past
two or three years and of late
has turned his attention to Euro-
pean affairs, claiming that the
policy of the government has a
tendency to make us an object of
contempt with the crowned heads
on the other side of the Atlantic.

Now he is singing a different
tune. He believes that the Presi-
dent's note to Germany is too
strong and that it might cause
offense; that the German govern-
ment may refuse to meet the de-
mands of Washington. And to
the shame of Hearst be it said
that aside from like views pre-
sented by certain German-Ameri-
can papers, his are the only
publications of importance taking
similar views. Almost every one
of them, Democratic and Repub-
lican alike, they are standing by
the administration in the true
American way. We don't know
why Hearst makes such a dam-
phool of himself, but he does,
and it seems he cannot help it.

Congratulations To:

MAY 18.
Crown Prince Rupert of Bavaria,
who led the German drive for Calais,
which was checked by Allies,
and was bitterly criticised by the
Kaiser, who led the vanguard of the
invading host which tore Belgium
from his own sister, Queen Eliza-
beth, a Princess of Bavaria, is 46
years old today. Beloved by his
people of Bavaria, Prince Rupert
was chosen to lead the Bavarian
troops in the operations through
Belgium and on toward Calais. The
generals of the Allies spoke with
admiration of his skill and bravery
in defeat. The failure of the drive
was placed by the German Emperor
on Prince Rupert, and bitter things
were said of his tactics. But Rupert
merely explained how impossible the
task was and kept from displaying
temper under the rebuke. He is now
commanding in Lorraine against the
French.

Prince Rupert entered the army
at 17, and at 27 was a major. Ten
years later he was a general and
was given command of the first Ba-
varian Army corps. He travelled
extensively, and passed through the
United States some 14 years ago. He
married his cousin, the Duchess Ma-
rie Gabrielle, and three sons were
born to them. The Princess died in
1912, also the youngest son. Early
in their domestic life the Prince and
Princess almost decided upon a di-
vorce, but they became reconciled
and made a trip around the world.
Prince Rupert has had inclina-
tions for the law, and has a de-
gree from Berlin University. One
of the household tragedies of the
war is the bursting of the bonds
which tied him to his sister, the
Queen of Belgium. The disaster to
her country has forever broken the
bonds between the Queen and her
German relatives. Another oddity
of royalty in connection with Prince
Rupert is the fact that many Eng-
lishmen looked upon him as the legi-
timate heir to the British crown.
His mother, Queen Maria Theresa
of Bavaria, is the most direct de-
scendant of King Charles I of Eng-
land, who was beheaded at White-
hall in 1649.

Emperor Nicholas II of Russia, 47
years old today.

Hon. Josephus Daniels, Secretary
of the Navy, 53 years old today.

Kitchen Economy

With wood or coal—waste heat. Too much or too little for best cooking. In hot weather too much heat coming out into the room.

With a good oil-stove—no waste heat or fuel. One burner or four—low flame or high—a slow fire or a hot one. All the convenience of gas for every home, all the year round.

New Perfection Oil Cook-Stove

For Best Results Use Pearl Oil

Better cooking—flame adjustable to just the degree needed for roasts, for bread, for pastry. No odor. Does not taint the food. A cool cook and a clean kitchen. Ask your dealer. See demonstration, Palace of Manufactures, Panama-Pacific Exposition.

FORMER BOER GENERAL TRYING TO BAIT ENGLAND

MILWAUKEE, Wis., May 12.

The hearing set for today in the Circuit Court, at which General Samuel Pearson will be required to show cause why his action against the Allis-Chalmers company in connection with the alleged manufacture of shrapnel shells for the Allies, should not be permanently stayed and dismissed, is expected to develop an interesting story from the former Boer general. The filing of the complaint by General Pearson under the Wisconsin "discovery" statute created a stir a few weeks ago, for it sought to force the officials of the Allis-Chalmers company to disclose its business relations with others for the manufacture of war munitions. The answer of the company was that Pearson, not being a stockholder, had no right to inquiry into the company's business.

The General is said to have arrived recently from Europe. His friends at Allentown, Pa., where he long made his home after the Boer war, believe that he went to Germany and capitalized his professional baiting of England to get backing for a campaign in America. He is said to have remarked that he "had a rod in pickle" for President Wilson, for the President's stand on neutrality, and would embarrass the administration if he could.

Pearson has been in the limelight for many years. He reached America as a Boer war hero, oppressed, hunted and spied upon by the British government, because, he said, he had refused to take the oath of allegiance to the crown. He claimed he had been a millionaire in South Africa. He claimed England had set a price upon his head, after telling the King in Windsor Castle what he thought of him. How he escaped from the English court he never explained, and it annoyed him to be questioned on this point.

The General was not to play a minor role, even in Democratic America. He disappeared from Allentown one day, and came back a few months later with what purported to be a charter from Castro giving him a grant of 18,000,000 acres of land in Venezuela, and he began to talk of a big colonization scheme. He actually managed to see J. Pierpont Morgan and put the plan before him. Morgan received a generous denunciation when he declined to finance the enterprise. A few Allentown friends put up some money for the investigation purposes, and the General bestowed imaginary millions upon them. Then the General claimed a rubber concession of ten million acres in Brazil, and planned to send a party of Allentown friends to England to sell the rubber stock and float the enterprise.

WRITER TO SPEAK AT WEEKLY LUNCHEON

Lincoln Steffens, well known writer and lecturer, is going to tell the people of San Francisco tomorrow about "the real situation in Mexico." He will speak at the regular weekly luncheon of the League for Home Rule in Taxation at the Hofbrau, Fourth and Market streets. Mr. Steffens has just returned from a trip to Mexico and is prepared with facts from personal observation which have never before been made public. His lecture should be extremely entertaining.

HEAR RATE PROTEST FROM SEVEN OHIO CITIES

TOLEDO, O., May 12.—The Interstate Commerce Commission will give a hearing today in this city on the complaint of the trade associations of Toledo, Detroit, Springfield, Canton, Columbus, Dayton and Cleveland, against the present freight rates from this section to points in the South. Through rates are sought in order to meet the competition of other sections enjoying through rates to these southern points.

Suddenly, however, the General announced in wrath and indignation that the South American enterprises were impossible to fulfill on account of the opposition of Secretary of State Knox, whom he accused of deep conspiracy to ruin him, under the inspiration of King Edward. Pearson dubbed Knox a "dollar diplomat," and got considerable publicity at the time.

Later on, the general sprung a plan to dig up all of Lehigh County for gold. He explained that there was undoubtedly more gold in the region than was necessary to make millions of its residents, and all that was needed was to secure the proper machinery to extract gold. He then tried to float a company to make the machinery. But nobody would put any money into it, and the General, in great disgust, left Pennsylvania Dutch for real Dutch. From Holland word came that he was exploiting a proposed railroad in Java.

The comic opera stunts of the General were quite forgotten when he appeared a few months ago in America and sprung his suit in the Wisconsin courts. The General always wears the khaki uniform of the military, and his appearance is expected to be dramatic.

POSTOFFICE ASS'N BASEBALL IDOL IS CALLED BY GRIM REAPER

Stockholders to meet

Secretary T. H. DeLap, of the Richmond Postoffice Association, has called a stockholders' meeting of that corporation to convene on the 15th of June, when the affairs of the concern will be gone over and a new board of directors elected.

The Richmond Postoffice Association is the owner of the postoffice building on Sixth street and it comprises business men who contributed toward the construction of the edifice some four years ago. It was rented to the government, together with all furnishings and lighted and heated for a period of ten years from date of occupancy. The rental rate is extremely low and barely keeps up the property. The stockholders receive no dividends on their investment.

Following the finish of a regular campaign in which regular political speeches were made, the students of the Richmond Union High school yesterday voted for a regular new set of officers in a regular way.

They used regular election paraphernalia in their voting and showed regular enthusiasm when the judges had finished counting, the regularly irregularly marked ballots.

It has always been the custom of the high school, since Erbeus and Atlas played tag in the garden of Eden to have a boy and girl run for the office of president, thereby respecting equal suffrage rights. It has been three years since a feminine voice has called the Associated Students to order and from the heavy vote given Paul Follett, son of Councilman G. A. Follett yesterday, it looks as if it would be as many years more before a girl will sway those several hundred rah-rahs.

Other officers to take their office following the opening of the fall semester will be: Secretary, Miss Maryanna Mount winning from Miss Meta Ludwig by two votes; Miss Ruth Adair was elected vice president; Donald McGregor treasurer and Abit Horvitz, athletic manager.

authority conferred upon it by the provisions of the act of the Legislature of the State of California approved April 7, 1911, and known as the "Improvement Act of 1911," and the City of Richmond, California, is hereby designated as the newspaper in which this resolution of intention shall be published, and the Clerk of the City of Richmond is hereby directed to cause this resolution of intention to be published in the manner required by said "Improvement Act of 1911," and the said resolution of intention is hereby directed to be published in the manner required by said "Improvement Act of 1911."

Charles Wallace Bray, the "Happy" Jennings of the Pacific Coast, and better known to the half million baseball fans, between the Oregon line and Tia Juana, as "Happy" Hogan, manager of the Venice Tigers, is dead.

We had heard that the popular Pacific coast idol was sinking with pneumonia, but never for one minute thought that the man who but two weeks ago we had seen cavorting on the greensward at the Park avenue grounds in Oakland was to have his life-cord snapped so suddenly.

We had met the peerless little leader of the Tigers on several occasions and had always found him to be the same affable, jolly person that cavorted in a striped uniform on the coast league parks. He was of those well met fellows, whose demise is always a blow to friends and acquaintances, whose aim in life had always been to please others and above all things to give the fans the best that money could procure in the way of baseball.

"Happy's" one aim while manager of the Tigers was to pick up stranded players cast aside by other team heads and make them perform like some of the younger bushers in his lineup.

Although seemingly not taking any interest in a game of baseball, "Happy" always managed while cutting capers to dispatch the accustomed signals to his men, never for one second removing his eyes from the field.

Late this afternoon Secretary J. M. Arnold of Richmond Lodge B. P. O. Elks, sent a telegram to Mrs. Bray, at her home in Los Angeles, containing the regrets of all the "Bills" in which order her husband had always taken an active interest.

The funeral of California's greatest little baseball manager is to be held tomorrow at which time more than one hundred machines will follow the hearse to the cemetery.

When Anybody Finds a Cure He Is Generally Willing To Tell His Neighbor

¶ The willingness of one neighbor to tell another neighbor in a private way of the benefit received from Peruna, explains the popularity of Peruna more than all the advertising that has been done.

¶ The fear of the publicity undoubtedly prevents the majority of such people from writing a testimonial to be used in the newspaper. But in spite of that we are receiving fine testimonials continually.

ANEMIA—Mrs. F. A. DeWitt, Elmhurst, Ohio, says: "I believe Peruna to be the best tonic. I recommend it for any run-down condition of the system."

SPRING COLDS—Mrs. Rhoda Stufflebeam, Bunch, Iowa: "A spring cold I took settled on my lungs. Coughed. Could not sleep. We feared consumption. Thanks to Peruna, I am a well woman today."

CATARH—Mrs. Sadie Allen, Joseph, Oregon: "My little boy is entirely cured of catarrh of the ears by Peruna. Am thankful for your good advice."

SPRING TONIC—Mrs. Wm. McRoberts, Brown Valley, Minn.: "Taken in spring Peruna tones up the system, acts as a tonic. It cures Peruna a whole family medicine chest."

¶ How did they hear of Peruna?

¶ Simply because one neighbor is always willing to tell another one he has found a cure. Neighborly conversation of grateful patients has done more for Peruna than advertising. Much more.

NEW LOCAL ENTERPRISE

RICHMOND CORPORATION ENTERS FIELD OF TITLE INSURANCE

Contra Costa realty transfers are to be safeguarded against possible financial loss through fraud or defective title by legal reserve Title Insurance Policies guaranteed by the Insurance Department of the State of California.

\$100,000.00 legal reserve is deposited with the State Insurance Commissioner assuring complete protection for every Title Insurance Policy delivered by the RICHMOND ABSTRACT & TITLE CO., Inc., who are financed to provide this guarantee on all Unlimited Certificates of Title issued by them in the San Pablo Rancho.

Title Insurance is the most recent efficiency development in the Abstracting Business. It is comprehensive in its benefits, insuring against forged documents and all possible defects of title.

The following local case in point will interest every property owner:

Suit to foreclose on a mortgage and two notes, one for \$150 and the other for \$100, the first of which appears on the records of the County to have been satisfied a year ago, has been filed in the Superior Court by J. R. Mitchell, former Mayor of Woodland against Henry McNeil, Hudson Grant, as administrator of the estate of Mary McNeil, A. J. Bradford, Anna B. Cutchin, Anna M. Gaylord and Fred L. Bice.

The satisfaction of the mortgage was recorded on February 10, 1914 and is signed by J. R. Mitchell, while the name of Charles Edelman, a notary of San Francisco is attached to the oath. Mitchell's attorney Beryl Greth, who filed the suit, asserts that the satisfaction is a forgery.

Some time ago the McNeil estate sued Anna M. Cutchin and A. J. Bradford for cancellation of a deed and to quiet title, claiming that the name of the late Mary E. McNeil who died July 26, 1914, was forged and that Bradford who derived his title by deed from Anna Cutchin, has no claim to the property which lies in Richmond.

Mitchell, it is said, sought to foreclose on the notes and when his attorney had the records in Martinez searched he discovered that a satisfaction had been recorded and that from the records as they now stand a foreclosure suit would be out of order.

Had J. R. Mitchell insured his title for \$1000.00 by purchasing a Title Insurance Policy for that amount at a cost of \$25.00, he would not have been compelled to endure the uncertainty, worry and expense of recovering the money that he had originally loaned up on the property.

Our company would have paid the money to Mr. Mitchell ten days after receiving notice of his loss, if he had carried a Title Insurance Policy.

Probabilities now are that Attorney's fees in attempting to collect the principal will cost all of the money originally loaned by Mr. Mitchell.

A Title Insurance Policy covers every possible contingency of fraud or loss through clouded title. Its protection is absolute.

Abstract companies are not responsible for forged documents.

No person can see far enough ahead to know when a forged deed or other instrument may appear in the chain of title of a piece of property that he or she may be purchasing.

The RICHMOND ABSTRACT & TITLE CO., Inc., is engaged in their specialized phase of business, that being the examination of titles to real property and the guaranteeing of the accuracy or sufficiency of that examination. Its attorneys and examiners are trained experts along title lines. It has invested thousands of dollars in the preparation of its plant and other facilities in order that its experts may have before them the entire record in condensed and accurate form.

Specially constructed fireproof vaults have been installed to protect all papers and records, in the company's own brick building, which is at Twenty-second and Macdonald avenue.

The completely detailed system for keeping all property transfers promptly posted to date for ready reference, enables the office staff to transact a large volume of business with promptness and accuracy, giving reliable service to its clients.

"TWO-LUNGERS" TO ENTER SPEED CONTEST

Among the many special features being arranged for Transportation Day Friday at the Panama-Pacific International Exposition is a road race between cars of the automobiles "49" days. The drivers will be pioneer San Francisco, Los Angeles and Oakland dealers.

The specifications for this contest bar all cars with more than two cylinders and specify an age of not less than 20 years. The course will be over the Exposition avenues and will be for a distance somewhat shorter than that prescribed for the big Vanderbilt Cup racing cars.

At the present time the entry list numbers six. It includes a one-cylinder Rec. a Cadillac one, the original Haynes one cylinder model, the curved-dash Oldsmobile of the days of about 1890, the Locomobile steamer and the Winton two. The Winton is being entered under a handicap agreement because of its extra cylinder.

All California is being ransacked from basement to garret in an effort to locate entries. Cars that for years have not been honored with tires are receiving equipment superior to that which they knew in their early days. They are being perfectly groomed and are being tuned up by many night runs.

By far the biggest feature of the day will be a mammoth parade which will portray the evolution of transportation. Not a step in the long course of progress from the primeval to the present will be neglected.

In general arrangement the parade will be chronological. The primitive will lead and the more modern will bring up the section that follow. The proper sequence of makes will be followed in each of the seven main divisions. For example, the old one cylinder automobile will have a place ahead of the big eight.

Plans for this parade are in the hands of the many big transportation companies, with representation at the Panama-Pacific International Exposition. The biggest of the country's automobile companies, motorcycle companies, railroads and the steamboat lines are helping to make the day an unprecedented success.

On this day the palatial Great Northern Steamship will halt off the Exposition grounds. With all flags flying it will salute the officials with sirens and in return will be saluted by Exposition whistles and by bombs. While the ship is at rest in the Bay, huge hydroplanes will circle about it scattering confetti.

The Great Northern Railroad is one of the big companies which is taking a large interest in the day. With its Glacier National Park Indians it will contribute to the primitive and with modern equipment it will have a place in the final stages of the big parade.

Special night attractions, including Zone features, special fireworks and aeroplane flights are on the Transportation Day program.

A SAD MISTAKE

Do your glasses fit you? Unless your glasses are accurately fitted and the exact strength needed to correct your defect, they will be absolutely hurtful. To get correct glasses, we recommend you to see Dr. C. R. Blake, 704 Macdonald Ave., at 7th, Richmond, Cal. ad.

"TIZ" FOR TIRED SORE, ACHING FEET

Ah! what relief. No more tired feet; no more burning feet, swollen, hot, aching, sweaty feet. No more pain in corns, callouses or bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just use "TIZ."

"TIZ" draws out all the poisonous excretions which put up the feet; "TIZ" is magical; "TIZ" is grand; "TIZ" will cure your foot troubles so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore, swollen or tired.

Get a 30-cent box at any drug or department store, and get relief.

HUMANITARIANS TO HOLD BIG CONFERENCE

One of the national social organizations that has been attracted to San Francisco by the Exposition is the National Child Labor Committee whose eleventh annual conference opens with a mass-meeting on the Exposition grounds, May 28, at 3 P. M. This is the first conference of the National Child Labor Committee held West of the Mississippi, and to it have come many leaders of social reform movements from the East, such as Dr. Felix Adler, Mrs. Florence Kelley, Owen R. Lovejoy and Dr. A. J. McKelway.

Delegates have been appointed by the governors of each state in the Union. Many prominent Californians are to address the meetings. Among these are Francis Heney, Bishop Edwin Hughes and Paul Scharrenburg of San Francisco, Dr. Jessica Peixotto and J. Stitt Wilson of Berkeley, Professor Albert C. Whitaker of Stanford University, and Han, Joseph R. Knowland of Alameda.

The program of the conference is so arranged as to afford an opportunity for residents of this state to become acquainted with child labor in other parts of the country, for the visitors to San Francisco to familiarize themselves with California's problems and for all the delegates to discuss together questions of national importance.

The first session, Friday afternoon, May 28, will be devoted to the Case Against Child Labor, and Dr. Felix Adler, Paul Scharrenburg, Mrs. Florence Kelley and Edwin Markham will speak while Mayor Rolph of San Francisco will give the city's formal greeting to the delegates.

The next morning Owen R. Lovejoy, General Secretary of the Committee, Wiley H. Swift of North Carolina, Hon. James Beck of Wisconsin, Bishop Hughes of San Francisco and Lewis W. Hine, Staff Photographer of the National Child Labor Committee, will give a stereopticon talk on Child Labor Conditions Today. That afternoon the proposed federal child labor law will be discussed by Dr. Adler, Mrs. Kelley, Congressman Knowland and Kent of California and Dr. A. J. McKelway of Washington, D. C., on Sunday, May 30, many of the speakers and delegates will occupy local pulpits while Monday morning, at the fourth session, California conditions will be presented by representatives of the San Francisco Juvenile Protective Association, the State child labor committees, and others. Francis Heney will address this meeting on the Relation Between Conservation and Child Labor. The Conference will close Monday afternoon with a meeting to discuss the proposed National Children's Charter, already considered at the National Charities Conference this year and last and at the preliminary Child Labor Conference at Washington, D. C., in January.

THE WORD HELL

A Little Book That Contains Some Startling Information.

A little book selling at only five cents, postpaid, is having a very wide circulation—running up into the millions. It contains some very startling information respecting the meaning of the word Hell. It claims to demonstrate, both from the Hebrew and the Greek of our Bible, that Hell is not a place of eternal torment, but merely another name for the Tomb, the Grave, the State of Death. It affects to show that man was not redeemed from a far-off place of eternal torture, but quotes the Scriptures proving that he was redeemed from the Grave at the cost of his Redeemer's Life and that the Scriptural Hope, both for the Church and the World, is a resurrection hope based upon the death and resurrection of Jesus. The book is certainly worth the reading. The information it furnishes is certainly valuable, far beyond its trifling cost. Order it at once from the Bible and Tract Society, 17 Hicks Street, Brooklyn, N. Y.

MUSICAL COMEDY STAR AT THE ORPHEUM

When "Madame Sherry" swept the country the Western world heard that Elizabeth Murray was largely responsible for the tremendous success of that musical comedy. Elizabeth Murray had been a vaudeville star but it remained for "Madame Sherry" to put her up in the bright electric lights at the front of the biggest theatres on Broadway and in Chicago. Now with her laurels brilliant Elizabeth Murray comes back to vaudeville and Sunday gave the crowd at the Oakland Orpheum a taste of her quality as a rollicking singing comedienne. Certainly she is a funmaker of class. Her songs and stories are actually new and delivered as only Elizabeth Murray knows how to deliver stage bits.

The new show this week at the Orpheum has another corking comedian in the person of Harry Cooper. When the Empire City Quartette was known as the greatest quartette on the stage, Cooper was its star. His voice is a beautiful tenor and he combines with his singing ability plenty of class as a funmaker. He appears now in a skit called "The Mail Carrier" and he makes it an excuse for a lot of witticisms and some very fine singing.

All the way from Europe came the Four Amaranths, mighty attractive young women who are grace and skill itself in their acrobatic dances.

A new prima donna is Ellen Orr who appears with Harry De Costa in some classy songs. Harry De Costa is a pianist and composer and he makes a splendid second to Miss Orr's efforts.

One of the biggest hits of the bill was made by Homer B. Mason and Marguerite Keeler who have returned for a week with their exceedingly clever sketch "Married," which will be remembered by many as a comedy gem at the Orpheum last month.

The program opens with Mr. and Mrs. Gordon Wilde who are shadow-graphists from London and doubtless the cleverest of their kind.

Maria Annis, a pretty girl, appears with Walter Shannon in a bright skit called "A Shine Flirtation" that has not one dull moment in it.

The motion pictures are of the usual high class, rounding out an exceedingly delightful show.

MESSIAH'S KINGDOM.

Glorious Day of Divine Favor Near.

The period in which sin is permitted has been a dark night to humanity, never to be forgotten; but the glorious day of righteousness and divine favor is soon to be ushered in by Messiah. He, as the Sun of Righteousness, shall arise and shine fully and clearly into and upon all, bringing healing and blessing, which will more than counterbalance the dreadful night of weeping, sighing, pain, sickness and death, in which the growing creation has been so long. "Weeping may endure for a night, but joy cometh in the morning."

For further light on the coming Kingdom send thirty-five cents for the Helping Hand for Bible Students, entitled, "The Kingdom Come."

Splendid Medicine Stomach Trouble

I Suffered for Several Years Peruna Restored My Health

Mrs. Elizabeth Reuther, No. 608 Twelfth St., N. W., Washington, D. C., writes: "I am pleased to endorse Peruna as a splendid medicine for catarrh and stomach trouble, from which I suffered for several years. I took it for several months and at the end of that time found my health was restored and have felt splendidly ever since. I now take it when I contract a cold and it soon rids the system of any catarrhal tendencies."

Over Ten Years Ago.

"I would not be without Peruna. Although it was over ten years ago that I first gave you my testimonial, I am of the same opinion as when I wrote it, and give you the privilege to use it as you see fit. I still use Peruna when I think it necessary. I am recommending it to my neighbors whenever a chance occurs."

HERB DOCTOR MAKES SPECIAL OFFER TO DISCOURAGED SUFFERERS

MANY HAVE BEEN CURED BY THESE WONDERFUL HERBS.

To convince the most doubtful, we will give to any one mentioning this announcement, a seven days' treatment of herbs at half price. At the end of this trial you will be able to judge for yourself just how efficient this herb treatment is. We have letters of thanks for cures on almost every known disease. These letters from local and out-of-town sufferers are open for your inspection at our office.

Dear Doctors Chan and Kong:

I wish to write and add my testimonial to the many you have already received. When you diagnosed my case of rheumatism correctly by merely feeling my pulse I was indeed surprised, but the remarkable results which followed your treatment were even more surprising, as I had been treating with other doctors without relief, and they all said it would take five years to cure me, if it could be done at all.

Being a self-supporting widow I was heart sick, as I saw no hope ahead. The day I came to see you at the urgent request of a friend who knew of your good work, I had to go out and buy a large pair of shoes, as my feet were so swollen from rheumatism that I could not walk in ordinary shoes.

After six days of your herb treatment I had no swelling, and a day or two later I walked nine blocks with no trouble, and the swelling did not return. I never before had any hope that I would be cured, as I believed what other doctors told me, so you may imagine my delight at having my rheumatism cured. I remain

Yours very truly,
(Signed) MRS. E. ALLARD,

WOMEN WHO ARE IN THE NEWS

Atlantic City, N. J.—Miss Bessie Townsend, Atlantic City's girl Comp-troller, has a big undertaking on her hands this week. She is disposing of \$600,000 worth of municipal bonds for resort betterments.

Washington—One of the most active women in public life today is Mrs. J. Borden Harriman, who is sitting as a member of the Federal Commission on Industrial Relations. As the only woman member of this important board which is sifting the modern workings of industry in its relation to the workers, Mrs. Harriman is taking a lively interest in all phases of the investigation, and is determined that the role of Portia will be filled to the best of her ability in order to encourage further appointment of women on important federal boards. Mrs. Harriman is a close friend of the President. Her interest in welfare work is of long duration, for she was for many years manager of the State Reformatory for Women at Bedford, New York.

Chicago—The announcement of the engagement of Miss Eileen Dunne, daughter of Governor and Mrs. Edward F. Dunne of Illinois, to Wm. J. Corby of Chicago, which was made by the Governor recently, is a complete surprise to the friends of the young people. Miss Dunne is a great social favorite at Springfield, the state capital. The wedding will take place in the fall at Springfield.

Philadelphia—A duplicate of the famous Liberty Bell is now on its way through Pennsylvania, as a suffrage booster. The bell will reach Pittsburgh on July 4th. Zigzagging back to Philadelphia, the bell will reach here on October 30. It will be escorted to Independence Square on November 2, on the night of the state election, after the vote on the suffrage amendment has been counted. The bell will not be rung until women have been given the vote in Pennsylvania.

Lexington, Ky.—The Kentucky Federation of Women's Clubs met here today, and many able speakers and several elaborate entertainments have been secured for the event. Dr. Rachel Yarros of Chicago, will speak on Social Hygiene, Mrs. George W. Stephens of Toledo, will discuss Kentucky's need of an art museum, and Miss Helen Varick Boswell, who organized women's clubs on the isthmus of Panama, will speak on "What Today Calls For."

Iowa City—The biennial convention of the Iowa Federation of Women's Clubs will be held here for four days, opening tomorrow. Tomorrow evening the students of Iowa University will present a Greek play, and on the closing evening will give a pageant on the campus, in honor of the visiting women. Programs, lectures, and reports will occupy the morning sessions, and work conferences have been arranged for the afternoons. A prominent speaker who will come is Miss Harriet Vittum of Chicago, head of the Northwestern University settlement work.

Minneapolis—Professor Emeritus Maria L. Sanford, of the University of Minnesota, who is nearly 79 years old, recently completed a lengthy western speaking trip, during which she spoke in many towns.

HERE'S A CHANCE FOR A BUNCH OF MEXICANS

The California State Civil Service Commission announces that applications for examination as section hands on the Belt Railroad in San Francisco will be received at the office of the Commission, Forum building, Sacramento, on or before June 19, 1915. There are now several vacancies to be filled, at \$3.00 per day.

This examination is open to all American citizens residing in California, between the ages of 21 and 60 on the date of the examination, who have had at least six months experience as a section hand on a standard railroad.

Further information and application blanks may be secured from the State Civil Service Commission, at the Forum building, Sacramento.

WANTED—Clean cotton rags; suitable for cleaning machinery, at the Record-Herald Office.

ring which she spoke in many towns in five western states. She will undertake another journey next month, this time to Montana. She taught in schools and universities for 57 years, half of which were spent at the University of Minnesota as professor of rhetoric and elocution.

Boston—In a little room at the Massachusetts State House, surrounded by countless millions of germs of all kinds, Miss Edith A. Becker, state bacteriologist, is playing an important part on the preventive measures in detecting and checking disease epidemics in the old Bay State. She does not consider her work dangerous, although she makes many thousands of tests for the state authorities.

Peking—To Dr. Yamei Kin, the first woman doctor of modern China, has been entrusted the task of organizing a medical department for women in northern China. Dr. Kin came to America twenty years ago to be educated, and completed her medical course in New York.

Rheumatism Sprains Lumbago Sciatica

Why grin and bear all these ills when Sloan's Liniment kills pain?

"I have used your Liniment and can say it is fine. I have used it for sore throat, strained shoulder, and it acted like a charm."—Allen Dunn, Route 1, Box 58, Pine Valley, N.Y.

"I am a painter and paperhanger by trade, consequently up and down ladders. About two years ago my left knee became lame and sore. It pained me at night at times till I could not rest, and I was contemplating giving up my trade on account of it when I chanced to think of Sloan's Liniment. I had never tried it before, and I am glad to state that less than one 25c. bottle fixed me up apparently as good as ever."—Charles C. Campbell, Florence, Texas.

SANITARY DISHWASHER SEE WHAT SCIENCE HAS DONE FOR ME

after 2000 years of kitchen drudgery. The much-needed rest of the Housewife has at last arrived. The invention of the

Whirlpool Sanitary Dish-Washer saves health, time and nerves and preserves hands and complexion. At last

Woman's Emancipation is here. A delight and an indispensable aid to those who have already used them. Just six minutes to clean, polish and dry the china, glassware and silver of a dinner for eight people.

No contact with hot water, steam or hot soapy suds. Self-cleaning, sanitary, no pump used. Small in size, easily fitted and carried. Strongly built of stamped metal.

Send postcard, returnable at our expense within ten days, if not exactly as represented.

It has a capacity equivalent to that of one time all the dishes of the average family, yet is so light and portable that it can be easily moved from place to place.

The mechanism of the hand-forward and backward revolves the soap in the bottom of the washer, which cleans the hot soapy water with a rotating effect around, through and over all the dishes, bowls, glasses, etc., etc., and cleans and dries them with absolute perfection on all sides. The dishes are completely washed in less than one minute's time and the water works so easily that a child can operate it.

Turning down the small lever at the top of the washer, steam valve and discharge valve is a few seconds. The dishes are then cleaned and dried by turning a dial on the side of the washer, which turns the hot water into the bottom of the washer, which cleans the dishes, which always remains in an absolutely sanitary condition.

Beautifully illustrated booklet showing every phase of the Whirlpool Sanitary Dishwasher sent on request.

Thousands are being sold by leading stores in Philadelphia, New York, Chicago, St. Louis and other large cities. The Whirlpool enjoys a monopoly of the market, and furnishes agents the best opportunities for quick money making available anywhere.

LAXATIVE-TONIC

"I was taken with a severe headache and cold, which finally brought on constipation and bowel trouble. Physics of all kinds were used, and we were obliged to resort to the fountain syringe for help. I could drink castor oil like water, but it did no good. Salts were of no use. The doctors were puzzled. After using three bottles of Peruna I consider myself entirely well." Mr. John B. Capers, No. 610 Pecan St., Fort Worth, Texas.

Those who object to Liquid Medicine will find Peruna Tonic a desirable remedy for CATARRHAL CONDITIONS.

DULL, SPLITTING, SICK HEADACHE

Dr. James' Headache Powders relieve at once—10 cents a package.

You take a Dr. James' Headache Powder and in just a few moments your head clears and all neuralgia and distress vanishes. It's the quickest and surest relief for headache, whether dull, throbbing, splitting or nerve-racking. Send someone to the drug store and get a dime package now. Quit suffering—it's so needless. Be sure you get Dr. James' Headache Powders—then there will be no disappointment.

LOSS OF HAIR—THE REASON

Dandruff, sluggish circulation of the blood through the scalp, impaired vitality of the hair follicles—these cause the death of hair. Dandruff indicates a diseased scalp and a diseased scalp cannot properly nourish the hair. When the hair fails to get proper nourishment it dies and falls out. Our hair tonic removes dandruff, stimulates the scalp, strengthens the vitality of the hair roots, causing a more healthy growth. Our hair tonic will stop falling hair. It is not claimed that it will cure baldness, but it is used by people with thin and straggling locks, as well as by those whose hair is abundant, long and luxuriant. It is decidedly a toilet necessity, not a luxury. If you value your hair you will appreciate our hair tonic. Price 50¢.

COUNCIL HAD BUSY SESSION LAST NIGHT

Receive Bids.

Bids were received and read by City Clerk A. C. Faria last evening for the improvement of Thirtieth and Mary streets from the following contractors: L. L. Page, Fred Meyers, John Word, E. H. Higgins, Raven Company, S. C. Rogers, F. S. Aguilar, Municipal Improvement Company and Galbraith and Jones. The last named bid not having been signed was declared void. The bids were referred to City Engineer H. D. Chapman and City Attorney D. J. Hall for one week, to report on next Monday evening.

Granted More Time.

Contractor L. L. Page was granted an extension of 90 days on his contract for the improvement of Sixth street south.

More Time Also.

E. H. Higgins was also granted an extension of 60 days on his contract for the improvement of Montgomery avenue.

Rutherford, Too.

Contractor James Rutherford was also given 60 days more time in which to complete the improvement of Main avenue.

Street Plans Adopted.

Plans and specifications were submitted by City Engineer H. D. Chapman for the improvement of Tenth street from Barrett to Pennsylvania avenues with a bituminous wearing surface were unanimously adopted by the members of the city council.

Asks Pool Hall License.

Ramolo Bolla, proprietor of the Standard hotel at 414 Standard avenue, last evening petitioned the city council for permission to operate a pool and billiard parlor at his place of business. The matter was placed in the hands of the license committee.

Plans Ready.

City Engineer H. D. Chapman informed the members of the city council that the plans and specifications for the improvement of Laurel avenue were ready. The matter of passing on them was put off until next Monday evening.

THE EUROPEAN WAR

IN BIBLE PROPHECY.

Undreamed of passions have burst forth, devouring the lands that patient hands have beautified and made fertile, and centuries have stocked with art treasures. To the entire world the war has come as a complete surprise because they have not read our book (24 pages—cloth) telling that just such conditions would exist, only to be followed by the still greater devastation of anarchy. The first edition came from the press in 1871.

Of vast interest and importance is its promise of better things in store for this earth, when the wrath of nations has run its course. Send thirty-four cents in stamps (with this coupon) to cover postage to The Temple, No. 26 W. 63rd St., New York City, and receive a copy promptly.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink the tea up full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25-cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is natural, yet absolutely harmless, and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

RURAL INSTITUTIONS AND FARM ENGINEERING TO BE AIDED

The creation of two new professorships in the College of Agriculture which the university expects will be of exceedingly great value to the people of California was announced today by the University of California. One is a professorship of rural institutions. To this has been called Dr. Elwood Mead, one of the most distinguished irrigation engineers and agricultural statesmen in America. The other is a new Professorship of Agricultural Engineering. To this has been called Professor Jay Brownlee Davidson of Iowa Agricultural College, a specialist in the testing of agricultural machinery as to its efficiency.

Dr. Elwood Mead is one of America's most distinguished citizens. For many years, both in governmental and other positions, he was closely identified with the settlement of the Western third of the United States. During that time, people generally learned to respect his judgment and to believe in the correctness of his views with respect to the development of the natural resources of the country.

During the past seven years, Dr. Mead has been Chairman of the State Rivers and Water Commission of Victoria, Australia. He introduced the so-called closer settlement plan, which has done much to develop that State. Of the 119,000 acres acquired by Victoria for closer settlement in the irrigated areas, 100,000 are now subdivided and 74,000 are settled.

Secretary Lane has appointed Dr. Mead Chairman of a Central Board of Review of the Committee on Revision of Reclamation Project Costs. The several committees are directed by the Secretary of the Interior to revise the estimated cost of each reclamation project upon which construction charges heretofore announced were based. The reports of the committees are to be referred to Dr. Elwood Mead, Gen. W. L. Marshall and Mr. L. D. O'Donnell for review and report to the Secretary.

Dr. Mead's election as Professor of Rural Institutions in the University of California is to correlate the necessary scientific work of the College and Experiment station with the human and public aspects of the problem. His work is to include features of rural life outside of farming which are of great importance but which have thus far been neglected.

Professor Davidson, now elected Professor of Agricultural Engineering, will be stationed at the University Farm at Davis. It is proposed to build up there a testing plant for agricultural machinery. Here investigations as to the fundamental reasons for efficiency in farm machines will be made. Agricultural colleges have not heretofore seriously studied this subject. It is believed that the University Farm, with its land on which it is possible to use machinery practically throughout the year, offers opportunities not possessed by other agricultural colleges.

Professor Davidson graduated from the University of Nebraska in 1904. There he was later Instructor in Farm Mechanics. He was employed in the Experimental Department of Deere and Company and later by the International Harvester Company. For the past ten years he has been in charge of Agricultural Engineering in Iowa State College.

Professor Davidson is the joint author with Professor L. W. Chase of "Farm Machinery," a text used generally throughout the United States, and he is the author of a text-book for secondary schools entitled "Agricultural Engineering." He is also the author of several bulletins, including "Modern Silo Construction," "Creamery Organization and Construction" and "The Relative Value of Alcohol and Gasoline for Fuel and Light." Professor Davidson has designed several pieces of agricultural engineering apparatus, including the Iowa Integrating Traction Dynamometer.

MAY APPOINT A DOCTOR FOR RICHMOND

Who is to be the assistant county physician with offices in this city?

That is what each of the fourteen doctors in this city are asking themselves today, the whole matter having arisen from a remark passed at the city council meeting last evening by District Attorney T. D. Johnston who stated that he intended to take the matter of having an assistant county physician in this city before the board of supervisors at their next meeting.

Whoever the assistant county physician is to be he will have to be chosen from the following, which includes: Dr. C. L. Abbott, Dr. U. S. Abbott, Dr. W. W. Fraser, Dr. C. E. Camp, Dr. H. L. Carpenter, Dr. W. E. Cunningham, Dr. C. R. Blake, Dr. W. J. Caesar, Dr. W. Lucas, Dr. Hall Vestal, Dr. Irwin March, Dr. Homer Woodruff and Dr. J. Riley.

ROYAL NEIGHBORS ENTERTAIN AT WHIST

Twenty-five tables were occupied at the whist party held last evening by the Royal Neighbors of America in Pythian hall, the prize winners for which are as follows:

W. F. Kelly took first prize; Mrs. E. Klein, second; T. P. Nee, third; Mrs. H. Hunt, fourth; Mrs. M. Lee, fifth and F. L. Bonner, sixth.

A committee consisting of Mrs. W. A. Vickery, Mrs. T. Nee, Mrs. Wm. Kearney and Mrs. McFarlie McNeil had charge of the affair.

STOPS HEADACHE, PAIN, NEURALGIA

Don't suffer! Get a dime package of Dr. James' Headache Powders.

You can clear your head and relieve a dull, splitting or violent throbbing headache in a moment with a Dr. James' Headache Powder. This old-time headache relief acts almost magically. Send some one to the drug store now for a dime package and a few moments after you take a powder you will wonder what became of the headache, neuralgia and pain. Stop suffering—it's needless. Be sure you get what you ask for.

The Traveler's Companion

Mr. Arthur L. Pierce, 2618 Sheridan Ave., St. Louis, Mo. "The curative value of Peruna is truly wonderful. I think it especially valuable as a specific for catarrh of the system, and for a man who has traveled for years as I have and who is certainly exposed to irregular meals and uncomfortable sleeping accommodations. Peruna is one of his best, and most needed traveling companions. It throws off disease and keeps him well. I therefore heartily recommend it."—Those who object to liquid medicine can now procure Peruna Tablets.

Get the miles you pay for

Mixed gasoline means less kick and less mileage. The heavier vapor, being too "slow," burns without exploding.

Red Crown

The Gasoline of Quality

gives you the miles you pay for. It is a straight refinery gasoline—not a mixture. It atomizes easily—explodes quickly, completely. Ask for Red Crown—and get it.
